

TREASURES OF GDAŃSK

Uncover the Treasures of Gdańsk in this exciting City Game!

Discover the history, culture, traditions, and legends of Gdańsk as you visit Gdańsk's most beautiful locations, supported by the built-for-purpose ClueKeeper mobile app.

You and your team will be guided to "must see" locations in and around Gdańsk's Old Town (Old City Hall, St. Mary's Basilica, The Old Crane, The Royal Route, Long Market), plus a few less obvious locations, and you will finish at a local restaurant or back at your hotel.

Once you have entered the GPS-controlled zone for each location, your team will earn points by performing an activity associated with that specific location. As you do so, you will learn more about the associated history, legends and culture as you proactively engage with your environment.

The activities are quite varied, including simple questions; clever puzzles; manual work; interactions with locals; and more.

An event you won't soon forget!

TREASURES OF GDAŃSK

The event is supported by a customized mobile application, ClueKeeper, which replaces the traditional „paper-based” approach with GPS-based guidance to specific locations, clear and consistent hints, real time scoring and monitoring of teams’ progress, a leaderboard visible to all participants, messages during the event, and more.

- **Duration: 2-3 hours**
- **Number of participants: 35-150**
- **Available in English or Polish**
